

TALA GLOBE LIGHT BULB

DESCRIPTION

The Tala Globe is a classic functional LED light bulb with clear glass in an Edison-style shape that produces strong, smooth warm light.

This energy efficient light bulb uses LED technology giving it a 30,000 hour lifetime and lasting an average of 5-10 years with daily use.

SPECIFICATIONS

Power: 6 Watt
 Lumens: 600 Lm
 Input Voltage: 110/120V E26 Base
 Weight: 0.07 lbs
 Color Temperature: 2200K Working
 Temperature: 23°F - 104°F Beam
 Angle: 360°
 Warm Up Time: Instant
 Warranty: 2 Years

PERFORMANCE

Color Rendering Index (CRI): 95
 Luminaire Circuits Per Watt (LM/W): 100
 Power Factor: 0.9

MATERIALS

Clear Glass, Brass

COMPATIBLE PRODUCTS

Compatible with all products except for: Sarah Ceiling Fixture, Sarah Surface Mount, Small Trumpet Lamp, Celeste Table Lamp, Alek Wall Sconce, Lola Chandelier + Lola Sconce

DIMMING

Dimmable 0 - 100%

Recommended Dimmers: Lutron - Diva DVELV-300P

TALA'S RECOMMENDED DIMMERS

For regions including Canada, Mexico and the USA Tala aims to test the most widely used dimmers on the market to guarantee the best possible performance with their LED bulbs and Light Engines. The phase-control dimmers below have been tested in their London lab and proven themselves to deliver smooth, responsive and stable dimming from full power down to zero or near-zero light output.

For best results, ensure your electricity supply is stable and free from transients. If you are interested in using another dimmer or require technical assistance, please contact: customerservice@tala.co.uk

RECOMMENDED

Arditi 1004P – Best pushbutton dimmer for all Tala bulbs
